Off-site Air Monitoring Locations_Rev2_TABLE.pdf

Fyi – I was able to print two copies of this on the cave plotter this morning – please check and see if there are any issues with it – if anyone needs changes – respond to all and someone will have to reprint on a plotter for tonight’s meeting

The table is accurate and looks good. Send me the draft map when you are done and I'll review. Then you or I can send on to Eric & Mary. Thank you both.
